- Preparation for the new revision for ISO 9001:2015

Content & Objectives

In order to prepare the ISO 9001 certified plants of HOERBIGER for the upcoming revision change to ISO 9001:2015, current IMS needs to be reviewed, internal processes need to be revised and documentation must be adapted. By supporting these preparations the intern will get the chance to work on defining a global framework, which will be set up to standardize the basic content of the IMS and to form consistent processes.

Timeframe: approx. 2 months (September – October)

Location: Seestadtstraße 25, Vienna
